Show Guide

Things to See & Do

2014 SPONSORS

Michael Bernardini

This presentation will cover the basic Affordable Care Act provisions as originally passed in 2010, as well as the numerous changes. There will be a detailed discussion on how this affects individuals and employers in California. Many of the questions that will be answered include - which employers must offer coverage or pay a fine, non-compliance penalties, loop holes, what other companies are doing, how to count employees, and more.

Located at the Tree Trimming demonstration area.
