

**Stick with the Experts at Weld-On!**

**IMPACT ON YOUR BUSINESS:** Increase job site productivity and reduce callbacks with Weld-On 750 HotWeld™, a ONE-STEP, FAST SETTING, BLUE PVC solvent cement with superior long-term performance.

Excellent for use in challenging conditions including wet, damp, or cold applications, Weld-On 750 HotWeld™ is a medium-bodied, Low VOC formulation that complies with LEED requirements and meets NSF and UPC standards. It is the perfect blue glue for professional contractors on any jobs.

Like all Weld-On solvent cements, 750 HotWeld is backed by:

- More than 50 years of market leadership in PVC solvent cements • Global manufacturing expertise • Rigorous testing and quality control
- Proven formulations - all meeting Low VOC regulations • Unmatched customer support, including training, troubleshooting, and a technical hotline
- Proven capacity to meet your needs

IPS Corporation is the trusted leader in manufacturing adhesives, solvent cements, and numerous components and supplies for the plumbing, construction and plastic fabrication industries. IPS Corporation's products are sold under a number of highly regarded brand names, including Weld-On®, Water-Tite®, Test-Tite®, Studor®, Truebro® and Guy Gray™.
